## School Library System Member Plan 2017-2021

District: \_\_\_\_\_

Completion of the member plan is an opportunity for planning and reflection about a district’s library program. It provides avenues for assessing the current state of library resources and services as well as a convenient format for communicating these findings to others in the educational community. Completion of the Member Plan is also a requirement for membership in the School Library System. If you have any questions about the member plan or would like to schedule a follow-up meeting to talk about implementing changes in your district’s library program, please contact Christopher Harris at [cgharris@gvbooces.org](mailto:cgharris@gvbooces.org) or 585-344-7942 or 585-658-7942.

### ASSURANCES

I have reviewed the member plan detailing the district’s library resources, services and implementation of School Library System services, as required by Commissioner’s Regulations 90.18 (f)(4). We will use this self-assessment tool to improve the Library Media Program. I assure the School Library System and the State Education Department that we will make every effort to provide a certified School Library Media Specialist to administer the library program, including required School Library System responsibilities.
