RE: Council Meeting Minutes

Thank you for your participation and engagement in our asynchronous council meeting over the past weeks as we edited and commented on the proposed plan of service. We received input from SLS members and communication coordinators as well as Council members.

Based on our conversation changes have been made regarding the wording of immigrants vs. emigrants. We also solidified support for the special needs client population groups.

Our next meeting will be on March 25th where we will look to vote on approving the plan of service.
